GERMANY / D
Warnhinweis zum Schutz vor Strangulation

Bitte lesen Sie diese Anleitung vor dem Anbringen und der Benutzung der Vorrichtung aufmerksam durch und montieren Sie diese entsprechend.

Kinder können sich strangulieren, wenn die Vorrichtung nicht ordnungsgemäß montiert wird. Bitte diese Anleitung für spätere Bedarfsfälle aufbewahren.

Die Verwendung zusätzlicher Sicherheitseinrichtungen hilft, das Strangulationsrisiko zu vermindern, kann jedoch nicht als vollständig geschützt vor missbräuchlicher Verwendung angesehen werden.

Prüfen Sie die Vorrichtung, wenn sie nicht regelmäßig verwendet wird und ersetzen Sie die Vorrichtung, wenn sie schadhaft ist.

ACHTUNG

Kleine Kinder können sich in den Schlingen von Schnüren, Ketten oder Gurten zum Ziehen sowie in Schnüren zur Betätigung von Fensterabdeckungen strangulieren. Schnüre sind aus der Reichweite von Kindern zu halten, um Strangulierung und Verwicklung zu vermeiden. Sie können sich ebenfalls um den Hals wickeln.

Betten, Kinderbetten und Möbel sind entfernt von Schnüren für Fensterabdeckungen aufzustellen.

Binden Sie Schnüre nicht zusammen.

Stellen Sie sicher, dass sich Schnüre nicht verdrehen und eine Schlinge bilden.
