
CERTIFICATE OF APPROVAL

N° 210041

The packaging of type **3H1** plastic jerrican ref. 5 l BC 300 g with a nominal capacity of 5 l (300 g $\pm$ 5%) manufactured by [REDACTED] (**ref in UN-mark: n° 2135**) and described in report n° **G-21.035** issued by IBE-BVI is accepted for the transport by land (road and rail), by sea and by air of dangerous goods mentioned in following annex, within the limits prescribed in that annex.

Type-series packagings shall in every way be in conformity with the approved design type described in the above mentioned report and successfully pass all the tests specified in:

- the IMDG-Code, Part 6
- the European ADR-Agreement, Part 6
- the International RID-Regulation, Part 6
- the ICAO Technical Instructions, Part 6

These packagings shall bear the following mark:

3H1/Y1.0/150/*
B/2135-210041

The mark shall be indelible and preferably inscribed on one of the lateral sides of the packaging. The affixing of the mark shall not weaken the strength of the packaging.

-
- (*) The two last digits of the year of manufacturing.
Packagings of types 1H and 3H shall also be appropriately marked with the month of manufacturing. This may be marked on the packaging in a different place from the remainder of the mark.

The closing devices of the approved packagings shall be in accordance with those described in the report and bear the following mark: **see Annex IV**

If the closing devices are manufactured by subcontractors, the manufacturer to whom the certificate of approval was assigned remains directly responsible for the conformity of the whole packaging.

Any alteration of the above mentioned packaging (including the closing devices) or of its operating conditions implies the automatic cancellation of this certificate.

The Competent Authorities reserves at any time the right to withdraw this certificate.

Special requirements:

Tests effectuated with the standard liquids :

- Water
- Mixture of hydrocarbons

Annex: 4 pages
