i _____

A close-up photograph showing a hand placing a white plastic corner bracket onto a window frame. The bracket is being positioned at the corner where two frame sections meet. The frame is white and has a textured surface. The background is dark and out of focus.

Warnhinweis zum Schutz vor Strangulation

Prüfen Sie die Vorrichtung, wenn sie nicht regelmäßig verwendet wird und ersetzen Sie die Vorrichtung, wenn sie schadhaf ist.

Warning for protection against strangulation

The use of additional safety equipment helps to reduce the strangulation risk, but cannot be considered full protection against misuse. Check the device, if it is not used on a regular basis and replace the device, if it is faulty.

Binden Sie Schnüre nicht zusammen.
Stellen Sie sicher, dass sich Schnüre
nicht verdrehen und eine Schlinge bilden.

Beds, cribs, and furniture are to be located away from cords for window coverings. Do not tie cords together. Make sure that cords do not twist and create a sling.
